Los Angeles, CA

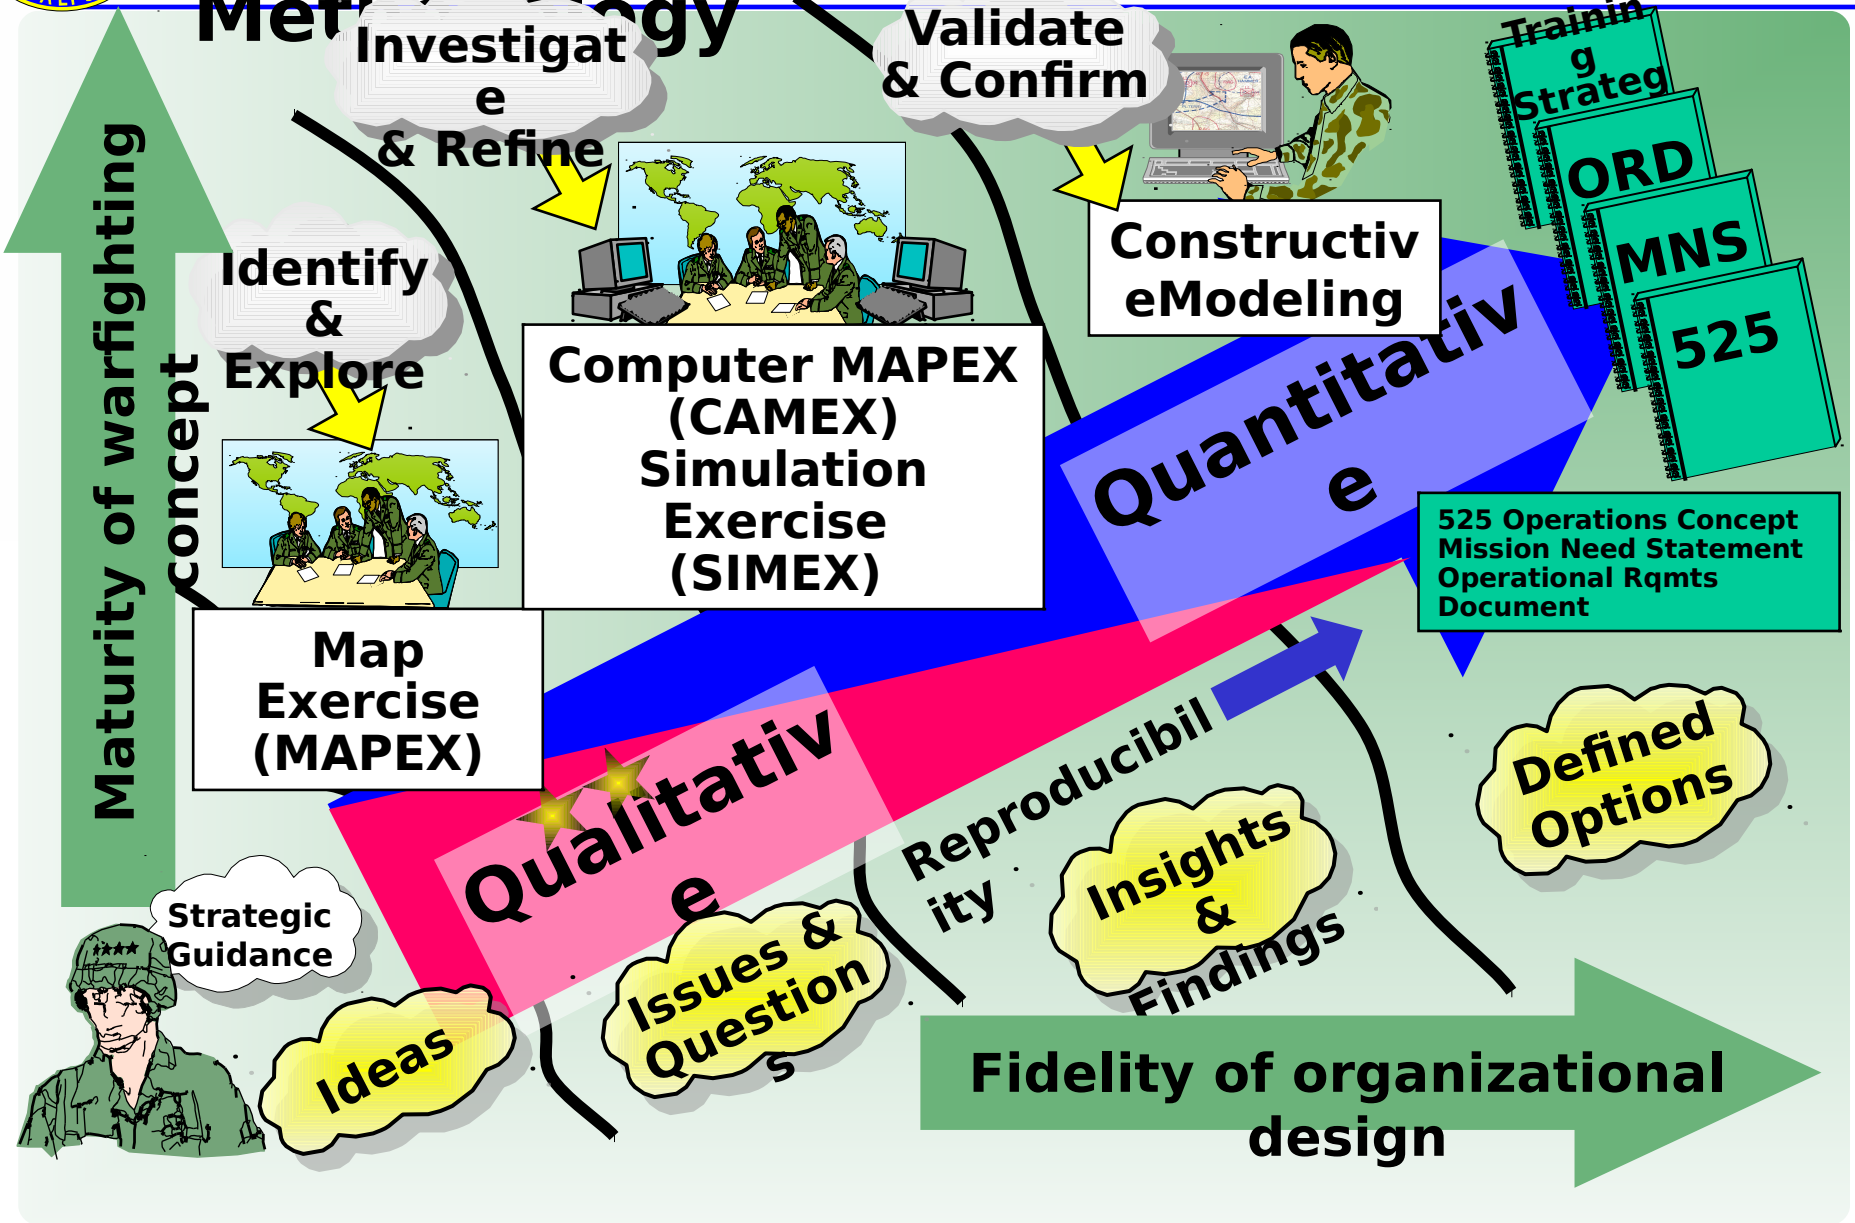
SMART

- SMART is not *Star Trek's Holodeck.*
- *Your* SMART application doesn't exist.
- Just about any good software has
  - potential (subject to V&V and
  - Relevance of your M&S to future operational concepts is
  - User collaboration is very

SMART.

SMART.

New Concepts Methodology



Force O&O Concept Collaboration

Ensure impact of this thinking…

…is imbedded in this design work.

Force O&O Concept Refinement

System Concept Development

Army *Futures*

Army Strategy Studies

PMJ Modeling & Gaming

Contractors-in-the-loop **collaborative wargaming**

Operational Framework

Industry Teams

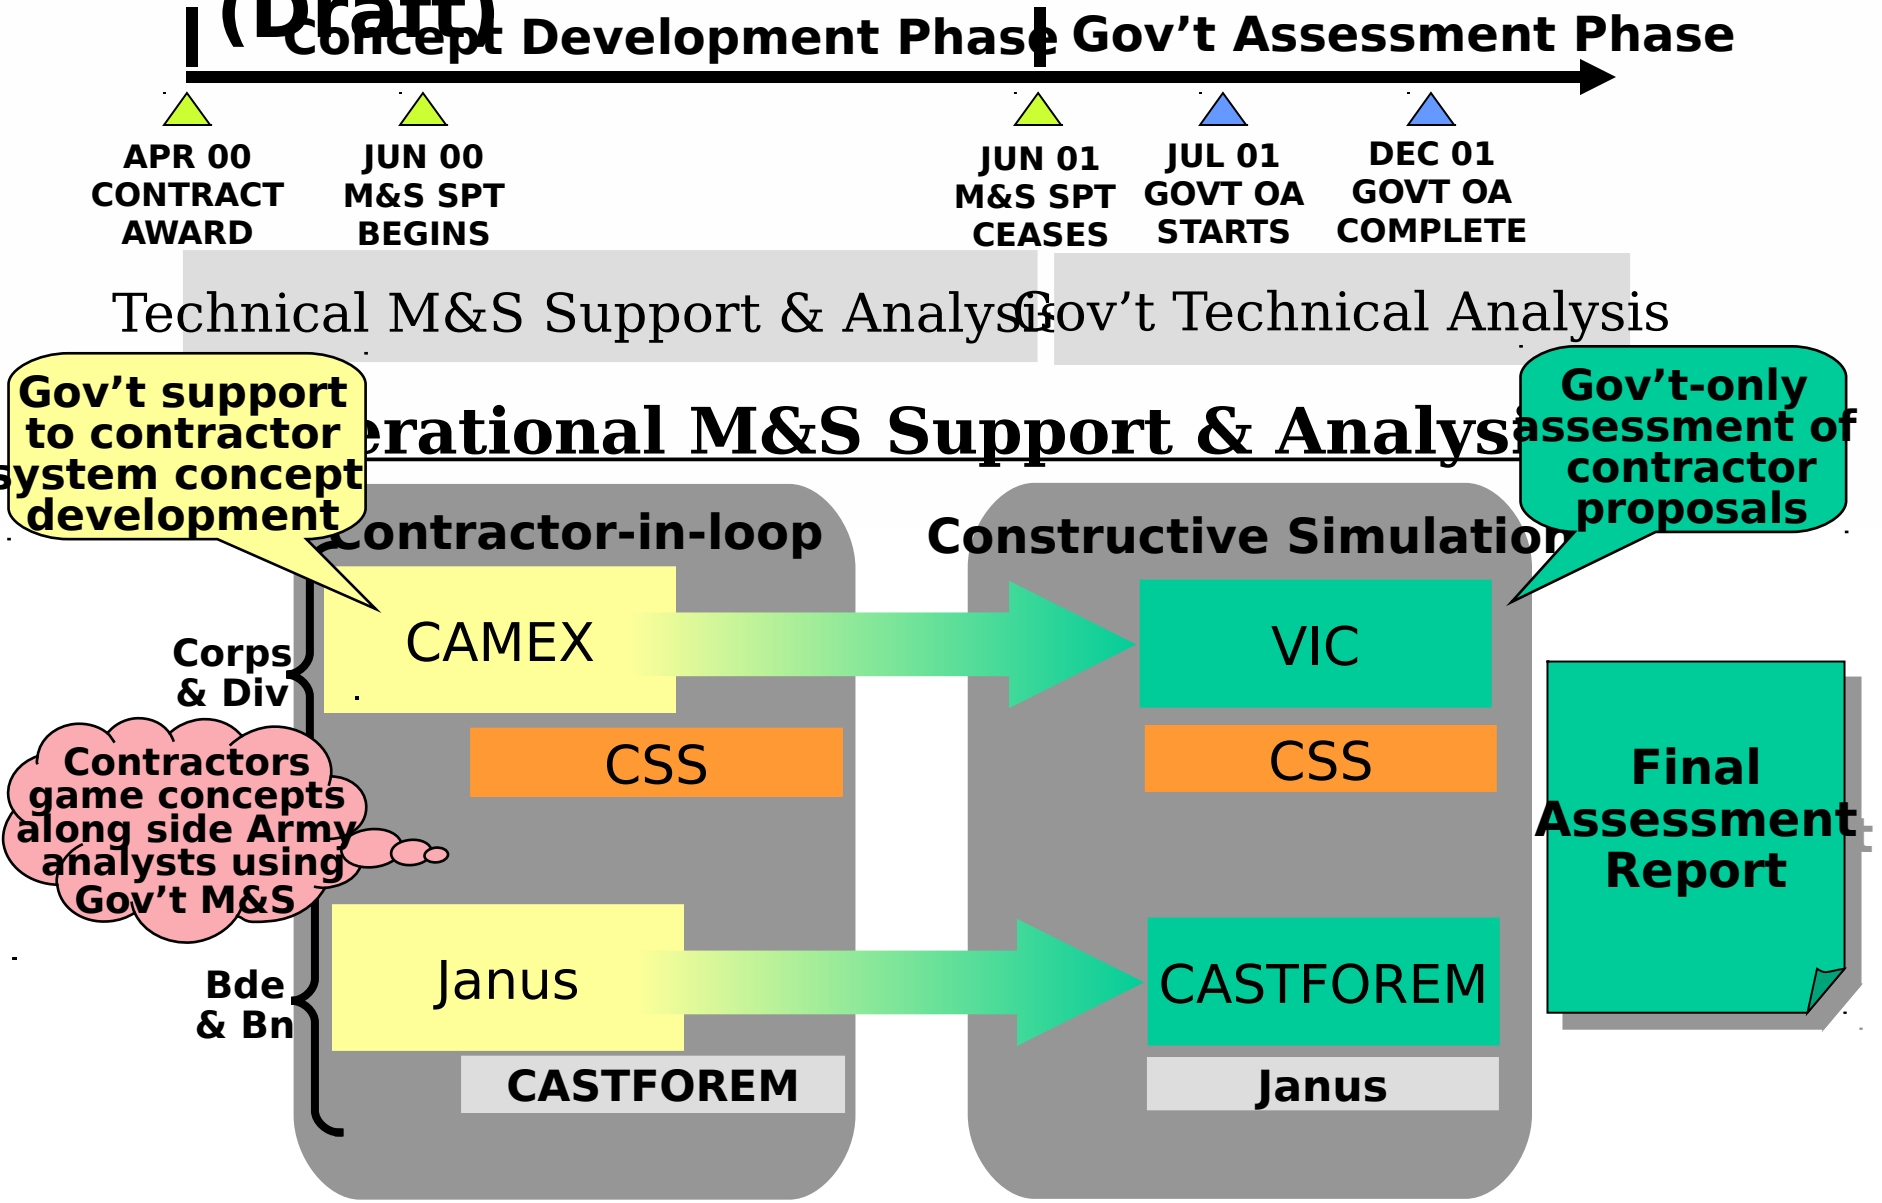
Gov't *Neckdown* Evaluations

M&S Prep

Check Ride **of Contractors' System Concept(s) in Army M&S**

PMJ: Professional Military Judgment

FCS Collaborative Protocol (Draft)



Future Combat System (FCS) Industry Day

Studies of Future Operations Relevant to FCS

Hosted by TRAC on behalf of PM FCS
at Fort Leavenworth, Kansas

15-16 February 2000
